CS61B Lab #4

Please finish this lab by Friday, preferably during the lab period. It is due
at midnight Friday.

1. Quizzes

Do the indicated quizzes given on the lab index page. The quizzes
are the only things that needed to be handed in; you don't need to
submit anything for lab4 via svn.

2. Project Work

We expect you're likely to be working feverishly on the project this week, so
the TAs are here to help you.
